

EQUITY (and EQUALITY)

"Both the English words equity and equality derive from the Latin *aequus*, meaning fair and even, but they have assumed distinct meanings ... [however], what is fair is not necessarily equal, and what is equal is not necessarily fair".¹

1a) How would you share one apple amongst 4 people equally?

1b) How would you share one apple amongst 4 people equitably?

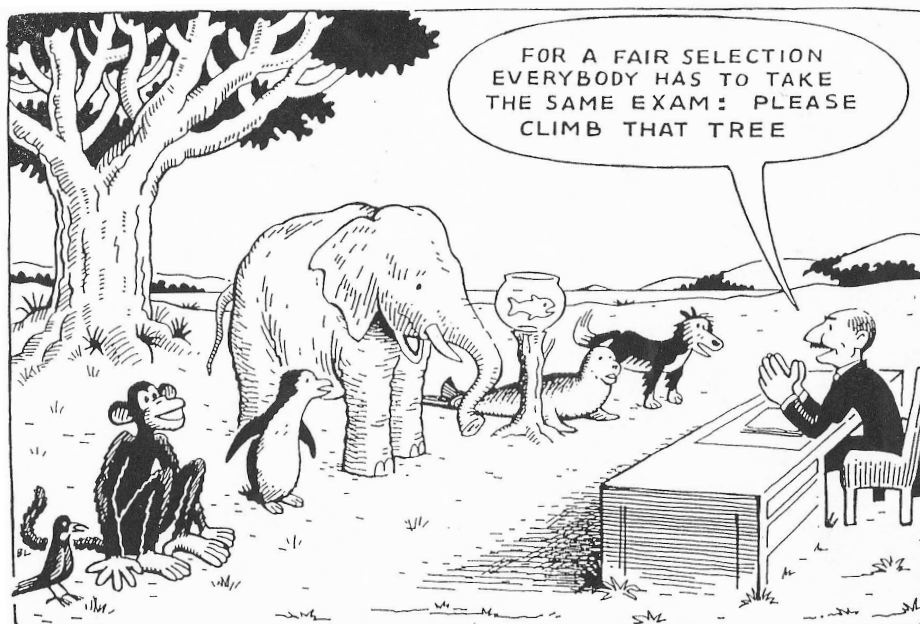

2a) Mindmap the similarities and differences between 'equity' and 'equality', using the words below (use the back of your sheet).

OR
